**District 9 Healthcare Coalition**  
**Bi-Annual Redundant Communications Drill BP1 2019-2020**

**Exercise Summary**

**Strengths**

1. 88% hospital participation using at least 2 methods of redundant communications.
2. 83% health department participation using at least 2 methods of redundant communications.
3. 71% facility participation from hospitals and health departments updating EMResource as requested. Highest drill participation rate in this category to date.

**Area of Improvement 1**

36 long term care and rural health clinics were notified via email with only 4 responding for 11% participation. Email system outage in the Trilogy network was noted during the comms drill on 11/20/19 and is still an issue at the time of the drill. Will follow up with those partners outside of Trilogy.

**Point of Contact for Improvement**

Monica Crews

**Date for Completion**

12/30/2019

**Area of Improvement 2**

800 MHz radio check had very low response. Some facilities couldn't find the channel or didn't have the channel programmed in their radio. Radio channel was announced before the drill. Will give more notification for future drills.

**Point of Contact for Improvement**

Monica Crews

**Date for Completion**

12/30/2019

**Area of Improvement 3**

No long term care facility or rural health clinics updated EMResource as requested. Will follow up with each facility.

**Point of Contact for Improvement**

Monica Crews

**Date for Completion**
